### School Board Approves Faculty and Supplies

The board of trustees of the Bay St. Louis municipal separate school district wrapped up plans for the opening of the new term Monday night by approving the appointment of eight new faculty members to complete the teacher roster, electing bus drivers and accepting various contracts for supplies.

Named to teach at Bay High School were Jane Dukes of Raleigh, commercial subjects; Kermit Nations of Greenwood, industrial arts, and Wayne Alliston, Jr., of Bay St. Louis, ninth and 10th grade mathematics.

Elected to the elementary staff at Valena C. Jones School were Bertha B. Peters of Kiln, James M. Payton and Dorothy A. Payton, both of Waynesboro. High school vacancies were filled by Charles B. Flowers, Jr., of Gulfport and Marlene Gain of Brookhaven.

Superintendent J. D. McCulloch said all new appointees have A certificates. While the teacher roster of 42 is one less than last year at present, he warned that conditions at the opening of the term may necessitate additions.

Trustee Maurice J. Artigues asked the superintendent to prepare a summary for the next board meeting on the overall scope of educational facilities here in anticipation of an enrollment increase in January. He said he felt the board should be thoroughly informed as to how many pupils are now handled, how many could be accommodated with no increase in facilities and related topics. He added he was not just talking about the integration threat in New Orleans.

McCulloch replied that 100 to 125 pupils could be added without taxing the system and a few more would come in handy.

Bus driver contracts were approved for Kermit Sharp, Raymond Talbot and Robert Magee in the white schools with Cecil Laddner and Wilmer Seymour as substitutes. Clarence Hargett will serve the Negro schools with Juanita Thompson as substitute.

Identical bids of 6.5 cents per half pint of milk being submitted by W. A. Scarborough for Country Girl, Borden's and Newman-Cobb, the board accepted all three, assigning one to serve Bay High School and Waveland, another North Bay Elementary and the third Valena C. Jones, about lunchroom facilities being about equal in number.

Bread contract was split between Colonial and Smith Bakeries, both of which bid 21 cents on a pound and a half loaf, while Cue Oil Co. was successful low bidder on batteries, gasoline and motor oil. Both Cue and Arceneaux Service Station got the contract for tires and tubes, the board finding their bids about equal and lower than that of Seuzeneu Flying Service. Standard Oil Co.'s bid was returned unopened.

### Supervisors Open Road, Eye Law Suit

The county board of supervisors meeting Monday considered its approach to a \$1,407.35 lawsuit filed against it by an alleged creditor and directed Sheriff Gerald V. Price to open the portion of Boyce Galarre Road obstructed by one resident after a hearing on the situation.

Petitioners complained that Mrs. Edith Davis caused the road to be closed northwest of her property and testified that it had been a public thoroughfare for more than 50 years.

Attorney Lucien Cox was asked to represent the board and members individually in the suit brought by Wells Industries, Inc., brought by Wells-Taylor Press-servicing Co., over a claim the board disallowed in June over alleged shipment of wood to Beat 2 when Mrs. Samantha Keller was its member of the board of the supervisors.

Named as defendants were all present supervisors and those whose terms expire in January, 1960. The board has claimed the shipment was returned.

Consideration of July claims on the county general fund was tabled until this Monday's session.

### 3 Courses Added to Curriculum at BHS

Three courses, Spanish 2, French 1 and advanced mathematics, have been added to the high school curriculum this year, according to Superintendent J. D. McCulloch, of the Bay St. Louis Municipal Separate School District who this week announced plans for the opening of the 1961-62 session.

Registration for all classes will take place Friday, Sept. 1, and students are to furnish report cards and book cards from the previous year. McCulloch asked parents of beginner children to accompany them on the opening day and furnish birth certificates. Beginners must be six years old on or before Jan. 1, 1962.

The school day will be from 8:40 a.m. to 2:40 p.m. for the elementary grades and from 8:40 a.m. to 3:40 p.m. in the high school.

The superintendent urged parents to contact the high school as soon as their children reach the ninth grade and certainly no later than the 10th to make sure their children are taking the required courses for entrance to certain senior colleges of their choice.

Offered in the ninth grade this year will be general math, English 1, general science, shop 1, homemaking 1, civics and Mississippi history. Tenth grade curriculum includes English 2, Spanish 1, algebra 1, world history, biology, homemaking 2, shop 1 and 2 (wood or metal).

In the 11th grade will be English 3, Spanish 1 and 2, algebra 2, plane geometry, advanced general math, chemistry, advanced science, shop 2 (wood or metal), mechanical drawing, typing, shorthand, U. S. history, bookkeeping, journalism, homemaking 3 and French 1. Twelfth grade subjects are English 4, business communication, advanced English, Spanish 2, advanced science, physics, shop 2 (metal or wood), mechanical drawing, typing, shorthand, bookkeeping, solid geometry and trigonometry, plane geometry, secretarial office procedure, American government and economics, journalism, and homemaking 3.

### Male Animal Opens Tonight

If there's a show stealer among the host of new talent appearing in The Male Animal, Little Theater production which opens tonight for three performances, you'll probably decide it's Mrs. Curtis Mathers who emulates with such gusto her lines as Cleopatra, Negro maid

A seasoned performer, however, is Mrs. Joseph Vignare who stars as Ellen, the professor's wife who nurses a quiet year for an old beau and football hero. It's her first role in the local theater since her marriage and return to Bay St. Louis but many oldtimers will recall her as Patricia Bartrum.

Jerry Kiefer, law student at Louisiana State University, has his first big role as Professor Turner and the makeup crew hopes to remedy by curtailment his one major drawback of youthful appearance. He was on the stage here many times as a youngster.

### An Editorial

#### YOU Did It!

It was done. It was done Saturday. Somebody did it. Who?

A record was set—more people in Bay St. Louis went to the polls than ever before. Who did it?

More organizations, more leaders, political and otherwise, campaigned for it, but who did it?

You, the voters.

Congratulations.

### Motel Likely At Beach, 90

A 30 or 32-unit luxury motel is in the offing at the south intersection of U. S. 90 and North Beach Blvd.

Wilson Wehre, who recently purchased the former Sam Whitefield property adjacent to and across from the Frosty Inn operation at the corner, disclosed the proposal to the county board of supervisors last week.

Wehre indicated that some technicalities in the way of financing and zoning are yet to be ironed out. An architect already is working on plans for a two-story structure, but it does not appear definite whether the motel will be located on the waterfront or across Beach Blvd.

Asserting there is a great need in Hancock County for a beach front motel, he expressed concern whether it will be possible to erect the facility there. Wehre recalled his zoning battle seven years ago before he built Frosty Inn but said he has talked with several property owners in vicinity of U. S. 90 who feel they will be penalized for their investment unless commercial use is permitted.

### Breaux Takes Over Farm Bureau Office

L. J. Breaux of North Central is serving as president of the County Farm Bureau since the resignation of Robert de Gravelles, who with his family has moved to California. Breaux formerly was vice president.

O. O. Swords, county agent, said a tentative date of Oct. 3 has been set for the bureau's annual meeting, at which time an entire new slate of officers will be elected.

Wehre added that he hoped it would be possible to use the beach side of the property for the motel rather than erect it next to residences but contended proximity of the existing dwelling to the highway does not make it desirable for habitation as a home.

In conjunction with his disclosure, Wehre asked the board to reduce assessment on the vacant property until his plans are jelled. Clerk Claiborne Laddner noted state law permitting tax exemption for motel improvements of five years by the county and 10 years by the city and the board suggested he take his case to City Hall first.

### Marion Parker Wins Forestry Promotion

Marion Parker, area forester here since September, 1954, has been promoted to assistant south-east district forester and will leave Sept. 1 to take up his new duties with headquarters at Wiggins.

Announcing his transfer to the board of supervisors Monday morning, he expressed appreciation for that body's support of the forestry program and explained he will continue his association in Hancock County which is part of the southeast district. A successor has not yet been named.

Decrease in the number and extent of forest fires has been one outstanding accomplishment during Parker's supervision of the timber program here. The year preceding his arrival 352 fires accounted for damage to

7,911 acres while 9,683 acres were destroyed in 309 fires in his first year, 1953-54. For 1960-61 138 fires gutted 1,769 acres. Heaviest damage was 13,408 acres in 169 fires in 1955-56 while 209 fires in 1959-60 damaged 3,182 acres. About 250 miles of fire lanes were constructed by the forestry commission in the period.

Not a single crew accident was reported in the seven years during which about 19 million seedlings were planted on private land in the county. The commission planted 400,000 pine seedlings, denuded 250 acres of cull hardwood and marked 1,600 acres of timber for sale. Over the seven years 20,000 bushels of pine cones were bought here by the

site. Industrial Electric will usually then lease the plant facilities for 25 years at a rate payable in advance, sufficient to retire the bonds and pay accrued interest.

With plant operations expected to begin early next year, it is reported that the city will advertise the bonds for sale sometime in November.

## It's Past Time

The past century has the continuing process of industrialization will soon be located in Bay St. Louis points up another need for our community.

It is our understanding that to be legally effective any zoning ordinance must be comprehensive and not merely lay down restrictions on the use of isolated areas of the municipality or county. Thus comprehensive zoning attempts to keep the appropriate governing body from zoning so as to unreasonably limit a particular person or persons and conversely from giving such a law to give an advantage to a person or persons.

The requirement, however, has no disadvantages. It assures in advance that any zoning ordinance will involve a reasonable section of the community, more so than the present zoning of the community the specific requirements are lots of people will find objection to limitations on the use of their property. This includes those who are all out for zoning for every one else but themselves.

With all of the political disadvantages connected with adopting an ordinance regulating land use the Mayor and Commission Council of Bay St. Louis and the Town Council of Waveland should adopt in the near future as near as equitable zoning ordinance, as with professional help they can devise.

The board of supervisors might also take the matter under consideration.

## Muddy Waters

Mr. R. G. Hubbard is a fine member of our county board of supervisors. If forced to make a choice he would get our vote, all things considered, as our best member of the board.

It's because of our high opinion of Mr. Hubbard that his verbal squabble the last few weeks with county attorney, Mr. Lucien Gex, over "approving" legitimate bills owed by the county concerns us.

From the limited investigation we have attempted, it seems that Mr. Hubbard has not made the distinction between "approving" bills and "issuing warrants" for their payment. Approving merely means admitting liability for them while to issue the warrant indicates you have the money to pay the warrant, which the county general fund does not have.

In any event, the content has not been on even terms since Mr. Gex is an able and experienced lawyer, which Mr. Hubbard is not, and the dispute concerns Mississippi law.

More important though is why in the county fund broke. Then we're in Mr. Hubbard's side.

## The Other Side

In all the hub-bub over the referendum Saturday the land-slide majority may jeer and ridicule those who disagreed with them. While we rather actively campaigned for an approving vote Saturday and in our reasoning have difficulty understanding how anyone could have had a different opinion, we think the losers deserve respect for their view and more.

It takes a whole lot more courage to stand up and be counted when you realize you are in a teeny-weeny minority than it does to loudly proclaim your agreement with the great big rest of an overwhelming majority. Those eleven may have shown that courage.

## Footnotes

The lady who thought her tag for voting entitled her to free groceries rather than stamps at Jiffy Jangle.

Those familiar with McDonald's billboard on U. S. 90 who've been told that "lee" now means "eleven".

One stodgy gentleman noted that he had heard of much vote buying in Hancock County but never before had the payoff in trading stamps.

## Why Did I Fail?

By MRS. W. A. PARKER

Why did I fail? I do not know and perhaps I never will. But one thing sure, I've found out, and go back to God will. And there, if he will hear my prayer, and let me hold his hand, I'm sure my foot won't ever slip and let me sink into the sand.

Although the road is not so long, it's really hard to find. Yet I am sure if I but try, I'll find the line. For I am told that no one seeks who really doesn't find.

Why have I failed? I tried so hard, and yet I found no more. I tried so hard, and yet I found no more. I tried so hard, and yet I found no more. I tried so hard, and yet I found no more.

## Water Safety Class Given Rural Adults

Water safety, life saving and artificial respiration demonstrations were given to farm parents Tuesday as part of the local Red Cross Farm Pond Safety and Water Safety Instruction program.

Mrs. P. E. Porter, Jr., Red Cross instructor, and several other instructors, conducted the demonstrations at Cor's pond. Mrs. Porter explained the recent rash of water accidents kept the group from using actual farm ponds and lawns in the county.

Concentrated instruction began at 10 a.m. with a water safety demonstration by Linda Hamilton, who displayed the proper use of two types of life jackets, the vest type and cushion. Reading rescues were demonstrated by Diane Taylor. She showed various methods of pulling a drowning person to safety including the use of a ring buoy, and a towel. Paul Miller and Clay Chantrell gave a hand demonstration and the proper demonstration of the Red Cross water safety instruction.

## New TENDERNESS

in beef!

Swift's exclusive new tender process is a method of tendering beef from within, developed and patented by Swift & Company with the approval of the U. S. Department of Agriculture. The natural enzymes in meat are supplemented by vegetable protein distributed throughout the meat tissue (this is not a dip or surface method). This new tendering method has no effect on any cuts until cooked in oven, grill, or broiler. Then it releases amazing new tenderness never possible until now.

Now a new tenderness in every cut. Swift's new **Proten** Tendered Beef gives you a new tenderness so remarkable that your whole concept of cooking will be changed. Chucks and rump steaks and roasts are all now cuts you can serve with pride and cook easier and quicker than ever before! Every fork-tender bite is delicious.

Don't know if it was the novelty of a really clear, bright, rainless weekend or the overwhelmingly affirmative vote in favor of the "Bond" issue in which everyone in our town had such a sincere interest, that had such a cheering effect on the populace, but there was a more smiling face around these days than usual.

The "A" is to point out the fact that the letters BAWI represent Balance Agriculture With Industry. It is quite certain that just about everyone had our reporter was already aware of this little bit of information—guess I just assumed it meant brightness and forth while investment or something similar. Anyway now that this has been settled, let's stick up the news of the day.

## Park Dedication Due

The date of the flag raising and dedication of Fifeswood Memorial Park at which funds from the benefit Rodeo will be presented, will be decided at a meeting to be held at Town Hall next Monday. The flag pole is freshly painted and ready to be erected. Mrs. Tom Bourgeois, mother of Edward Bourgeois, is presenting a flag to the park and many other preparations are under way for the big day.

Chairman of the Rodeo Fund, Mrs. Winthrop Baker went above and beyond the call in her all out efforts, selling advertising and actually doing the layout of the program and as now enjoying a visit from son, Winthrop, Jr., Mrs. Baker and their two sons from Boston, Mass.

Mr. and Mrs. Roy Gorditz are our new grandparents of the week—daughter, Kay (Mrs. Robert) Bell, gave birth to her second son in a New Orleans hospital at 4 o'clock, last Thursday. The latest arrival, John Michael, weighed in at 7 pounds, 14 ounces.

## Sick Notes

Special get well wishes to Charlie Molere who became ill at his home Friday night was rushed to Veterans' Hospital via ambulance. We're so happy to hear that he is much improved. Carl Lodner was released from Hancock General Monday following surgery on his shattered knee—cap. He goes to Gulfport today Thursday to have a heavier cast applied on the injured member. Bill Anderson of Terrace, who suffered neck injuries in an automobile collision were about three weeks ago, was able to spend the week in Haveland, after being hospitalized in Tourco. He's still wearing a neck harness and returned to the Crescent City for further treatment Monday. Get well also to D. C. Samuel who is now recuperating at home after spending some time in Hancock General and to our very good friend, Fred Herlihy.

## Greetings and All That

Jane and Brewster Molere are in line for congratulations having celebrated their 15th wedding anniversary last Friday. Mr. and Mrs. Walter Courtault will observe 48 years of wedded bliss come this Saturday. We also want to wish your young grandson, Jay, a very happy birthday. He will be one year old on the same day. Birthday greetings to little Lisa Ann Bordages who celebrated at a large family party last Sunday. Lisa was all of two years old.

Dorothy O'Neill and son, Jay, returned from an extensive vacation trip Monday. They travelled over 3,000 miles. The tour included Chicago, Milwaukee, Canada and other points of interest in that direction.

The victory celebration following the passage of the Bond Issue, hosted by Mr. and Mrs. Edward Brignac in the playroom of their lovely home Saturday night, was fabulous indeed. Guests included members of groups whose efforts helped make the election the success that it was. Sparkling champagne was doused in the many toasts begun by Norton Haas, Jr., who toasted Mr. Brignac for his faith in the community in bringing the enameling plant to Bay St. Louis. Mr. Brignac responded with toast to the election workers and committees, then to the voters, without whom, he said, nothing could have been accomplished. John Rutherford punctured each toast with a mighty blast from the 40 and locomotive and a gay time was had by all.

Recent guests of Lois and Henry Kothman were Lois' brother Mr. Jay Fayard and Mrs. Fayard.

Ad new car owners—Lucas Pucheu. He's now driving a very fancy cream colored model.

## Off to Rome

Mr. and Mrs. Rennie Whitlow and son Richard dropped in on Bea and George Georgi last week to make plans for their trip to Rome on which Bea will accompany them. They will go especially to attend the coronation of their son Ronnie, which will take place in Rome and will spend Christmas in Switzerland.

Mr. and Mrs. Louis Grunz and Louis, Jr., weekendend at their summer home. On Sunday they entertained Jane, Brewster, the Little Moleres and Bootie at a barbecue.

Mrs. Dan Fayard, III, and sons Don Richard, 3 months, and Dan IV, are guests of her parents, Mr. and Mrs. Roland Rossignol, at their home on Market St.

Mrs. Ada Edel was surprised and delighted Monday when Mr. and Mrs. James Neff and Mrs. Edna Pecunia of Chalmette popped in for a visit. Mrs. Edel and Mrs. Neff worked together in New Orleans several years ago and hadn't seen one another for four years.

Houseguests of the U. N. Durbin's at Nicholson Ave. for a week were Mr. and Mrs. Peter Scallie, sons Jackie and Arthur and grandsons, Tommy Murphy of Forrest Hills, Long Island, Mrs. Durbin's niece, Mrs. Ray Searcy, Mr. Searcy and sons, Bobby, Raymond, Richard and Dennis of Washburn, Mo. They were also recent guests of the Durbin's.

Fran and Lee Walters are busy making preparations for a nice, long Florida vacation.

Marshall Horn of Rockford, Ill., a former schoolmate of Del Wilcox, is at present visiting Mary and Del.

Little Miss Doris Davis is proudly showing off her newest acquisition—it's a tiny golden key to the City of New Orleans and a certificate of merit issued to her by her honor, Victor J. Schiro Dorothy (Mrs. Bea) Merchant hosted a lovely luncheon and guests party at the Buena Vista last Wednesday. Gertrude Robinson, Grace and Helen Bordages, Elaine Davis, Belle Peterson, Louise Becker, Florence Foegle and Edith Damagan were some of those from this area who dined their best bib and tuckers for the festive occasion.

The Lakeshore Garden of the March plaque for the month of August rests in the lovely old shaded yard of Louis, better known as Reaz, Becker.

Just in case anyone is wondering about all of the activity on Central Ave. near Nicholson—the winding, tree-canopied road will lead to Grosvenor Place, our newest restricted residential area now being planned and developed by Basil Cockburn.

## Bay Side of the News

Most of the activity in town seemed to be centered around City Hall Saturday, naturally—friendly bets were being made as to the outcome of the voting. Sitting around drinking coffee and discussing same were Herb R. Wise, Hardin Shattuck, Ray Gordon, Cyril Glover and Alcine Sauter to mention a few—think Alcine's guess (45 against) was closest to the actual total. Award for the most travelling the greatest distance to participate in the election went to Mr. Leslie Blaise who drove all the way from Portland, Me.

Mr. and Mrs. Doyle R. Spell arrived Friday night from Vidalia, Ga., bringing grandsons, Chip, to parents Gerri and Sam Blanchard. The Blanchards of Natchez, were guests of the Blanchards at a family party.

Just like the food, decorations and costumes at the Luncheon served at the City Club Sunday night were out of this world. Would you have loved to see Kate Spill in her strong complete with hibiscus in the hair?

**PINKIE'S FIRST APPEARANCE** - Mrs. C. Newton, a member of the Hancock General Hospital auxiliary, presents the first Pinkie dolls to Tom and Tania Kay Logie as Mrs. Lewis Hart, RN, Director of the nursing service, looks on. Pinkies are little-puppet dolls made by the auxiliary members and presented to each child who is a patient at Hancock General. Mrs. Wallace Chevis, chairman of the Pinkie committee, said that future plans include the making of nurse and doctor dolls as hospital toys for the youngsters. The dolls are shown to keep.

## Girls' State Delegates Speak to Legion Auxiliary

Girls' State delegates Kathleen Schaeffer and Linda Blazakis spoke on the highlights of the five-day session at Belhaven College in June when the American Legion auxiliary met Monday night.

The North Central School delegate, Corrie Hardy, was unable to attend but sent a letter of appreciation to the auxiliary for making possible the trip. Mrs. John Wilkerson, newly elected president, presided and asked for committee reports. Mrs. Henry Cepson, membership chairman, announced the member drive will start soon and Mrs. Edmond Virgilio, rehabilitation chairman, said she has begun solicitation of gifts to fill the 486 quota for the veteran's Christmas gift shop.

Mrs. Evelyn Neccaise will be chairman of the junior group with Mrs. John Rutherford as co-chairman and the poppy coronation ball will be Sept. 21 at the Legion Home.

Mrs. Dan Ramelli will serve as Christmas card chairman and Mrs. Lena Cuevas will be in charge of hostesses.

Plans were made to sponsor a booth at the Labor Day carnival for the patients at the Biloxi Veterans Administration Hospital.

Mrs. Virgilio won the entrance prize and refreshments were served by the hostesses, Mrs. Wilkerson and Mrs. Rutherford.

## Jiggling With Jimmy

### Man, It's Good

BY GIAMETTA

Fishing was really good this week with Half-Moon, Jackson Ridge and the Louisiana marshes being the likely spots. Big yellow-mouth specks are coming in to spawn. They can be caught on just about anything—dead or live bait, lures and small live croakers—and run from three to four pounds.

Green trout and perch are picking up but the water around Bayou LaCrosse bridge is still muddy and fishy.

Hard crabs are still biting as expected with a few being caught off both Bay bridges, but flounders and soft crabs have just about given up for this year, one of the poorest we have had.

### Hungry Sheephead

The Samuels, Joe and Anita, took a jaunt to the bayous during the middle of the week, and like bees on honey the fish just about swarmed both sides of the boat. They latched onto everything catchable including stringrays, quite unusual that far up the river, a 30 pound gar, 12 reds, a few trout and a very lively and hungry sheephead that Joe boated. When he started to cast for another, the non-so-sheepish sheephead gave a wicked leap, snapped onto Joe's arm and refused to let go. As we said the fish were biting just about everything, including the fishermen.

At the Keys early Saturday Judge Rene (Redfish) Vlosca and grandson Bruce boated a bushel of specks plus a few croakers, red fish and sheephead while the judge wondered why no other boats were around.

### Blue Gills Galore

Trying their hand at fly fishing up the river Saturday week were Robert Fleming, Jr., James Cannon, Jackson, Sylvan Lader and son Don. Picking a very lucky spot they jerked in 141 large blue gills in about 2 1/2 hours. Sore arms and stiff necks plus fishy hands came next when the quartet scaled their catches.

John Fush landed some big reds off the end of the set wall early the other day. He was using wads of dead bait.

Jack Kramer and son Johnny with Richard Schaefer did some fishing over the weekend—they went down to Ft. Walton Beach. Catching anything that would bite they hauled in some nice mackerel, a few bonita and a couple of hardtails.

Saw Alvin Bernard casting with his new spinning rig off the seawall the other day. What luck he had we don't know but Mr. and Mrs. Tommy Bourgeois landed some nice specks in the same area.

### Receipts Please

Understand Father Moran, whom many will remember from his days at Our Lady of the Gulf, is now looking for crab salad receipts after having a particularly good version at the W. L. Argus' last week. He is now at the Canton Parish.

## Summy Gains 1st As Fahey Downs Scoops

Summy Signs, though losing Tuesday night to the Sea Coast Echo Scoops, have clinched the second round championship in the little league, 13-16 division, and will meet the Scoops, first round winners, in a playoff starting probably next week.

### Tennis Tourney Slated Friday

An all day tennis tournament for members of the summer tennis classes will be held Friday, at City Hall courts, announced Mrs. Odile Carter, who is in charge of the lessons and tournament.

The drawing for the tournament will be held at 9 a.m. Friday morning. All members of the junior and senior divisions of the tennis classes are eligible to participate, but anyone not present at the drawing will not be allowed to play.

The tournament itself will start immediately following the drawing for positions on the brackets, and will last throughout the day.

Jack Charbonnet of New Orleans will act as judge.

### Spider Necaise Gets 6 Points for South

Douglas Necaise of North Central was among those playing for the South All-Star cagers Thursday night in the annual Mississippi high school all-star basketball game at Jackson.

Necaise scored six points in a losing cause as the Reds went down to a 105-89 defeat after leading 26-15 after one quarter and 43-40 at the half. The North scored 34 points in the third

Tuesday night in posting their triumph, 3-1. Henry was the winner, going all the way and pitching shutout ball until the seventh and final inning when Summy scored their only run of the game. Lefty Sam Allison also pitched well, but errors allowed three runs in one inning, and he was charged with the loss.

Summy received a big boost Sunday when Fahey upset the Scoops 4-1 behind the no-hit pitching of Mike Strong. Strong walked only three and struck out five, and the only run scored off him was the result of an error.

Fahey led all the way, scoring twice in the top half of the first inning. Rhodes drew a walk to open the game, and successive singles by Favre and Strong gave Fahey their two runs. Both teams went scoreless through the middle innings until the fifth when a walk and a home run by pitcher Strong accounted for two more and made the score 4-0.

The Scoops scored their lone run in the last of the fifth on a walk, a stolen base, and an error. In another Tuesday night game, Youth Center upset Fahey 8-2. Gary Noto went all the way on the mound for Youth Center, Mike Strong was the loser.

### Griffin Rolls New Record

Lavelle Griffin, St. Stanislaus senior, bowled the highest game recorded at Bay Bowling since its opening, rolling a 277 Tuesday night.

period and 31 in the fourth to pull away.

Other Coast boys performing for the South All-Stars were Harry Johnston of Gulfport, Ricky Stewart of Biloxi and Arthur Quave of St. Martin.

## Logtown Squad Trapani, KCs Even Posts 4 Wins In Six Games

Logtown's Softball Team won four of six games last week, losing one and tying the other in Pearl River League action.

Logtown took the first game of a doubleheader from Smitty's Cafe 8-3 Thursday night at the Picayune YMCA field, then fought to a 1-1 deadlock with the same club in the nightcap. The second game was called after eight innings. It was scheduled for five.

Sunday's busy schedule found the Logtown club playing four games, and posting three victories, all on the Union diamond.

Logtown beat the Picayune Independents 6-3 in the afternoon's opener and took a 7-4 decision from the host Union club in the second game, again whipping the third straight three-run win in the next game, again whipping the Picayune Independents 8-5. The afternoon's final game saw Union get revenge for their earlier setback, spoiling Logtown's perfect record for the day with a smashing 14-6 triumph.

Logtown and Smitty's Cafe are scheduled to play again tonight at Picayune.

The scene of Sunday's games will shift to the Logtown diamond

Griffin was bowling in open play at the time so his mark is not sanctioned. He bowls in both adult and senior boys leagues, averaging in the 150's in the senior boys' Strikeouts League. He recently bowled a 225 single game and 595 series, high marks in the league.

Griffin's 277 beat Henry Schmidt's 268, of several weeks ago at Bay Bowling, also in open play.

Trapani came from behind in the sixth inning to edge Reintke while the Knights of Columbus upset Southern Realty Wednesday night, evening both of their playoff series at one game apiece and setting up third games for Friday night to decide the finalists in Bay Softball League activity.

In the opener, Trapani spotted Reintke a 3-0 lead, then scored one in the third, one in the fifth, and two in the bottom of the sixth for a 4-3 win.

The Traps scored their tying and winning runs in the sixth with nobody out when Donald Strong walked, Claude Yarborough's line drive to right-center fell off the glove of the outfielder for a triple, and Raymond Strong singled to center to drive in the winning run. Claude Yarborough went all the way on the mound for Trapani, who Monday night had suffered with Pearl River, Blenville, and Logtown all slated for action. Starting time will be 1 p.m.

The KCs scored two runs in the first and two in the second and were never headed. Southern Realty fought back to within two runs but couldn't even the game. Speedy Rhodes, pitching regularly now for the KC's due to an injury to Tut Monti, was the winner going the distance. Donald Caldwell was the loser.

The same teams will play Friday night in the deciding games, and the winners will start a best three-out-of-five series Monday night for the playoff championship of the league.

### Cecil E. Necaise

Cecil Edward Necaise, 17, died Tuesday in Stone County Hospital at Wiggins. He was a resident of Rocky Hill community.

Admitted to Hancock General Hospital early Tuesday morning, Necaise, because indicated specialists were not available here, was being transferred to University Hospital, Jackson, when he succumbed. Mrs. Jimmy Rae Rouse, RN, of the local hospital accompanied him and attempted mouth-to-mouth resuscitation but the youth was pronounced dead on arrival at Stone County Hospital, Wiggins.

opened since it came in after the deadline, Piazza Texaco Service was lone bidder for greasing the system's trucks and buses at \$1.45 per vehicle and the contract for printing the Student Prints, school paper, went to Glass Publishing Co. at a base figure of \$68 per four-page issue.

Lengthy bids on janitorial supplies came from Marion Supply Co. and Central Chemical Co. The board directed the superintendent to purchase from the firm offering the best price on the item needed, giving him permission to buy locally so long as the price is in line with the bid figure.

Held for later action were equipment bids of Office Supply Co., Gulfport, which offered a standard typewriter at \$150; electric mod. at \$240; adding machine at \$54; McCulloch said he did not know whether he would need two new manual typewriters until school opens.

Robert L. Hamilton was elected president pro tem of the board to preside in the absence of Wayne Allison, chairman, and the board on motion of Secretary J. W. Watts, Jr., approved the July claim docket of items 1 and 2 on transportation and 1 through 28 on district maintenance and other current costs. A \$500 item on office supplies was questioned by the board but the superintendent explained this involved a multitude of items and he had discovered it was much cheaper to get necessary forms in this manner.

Inspection of the system's property was scheduled for 3 p.m. Aug. 24, McCulloch reporting on various improvements made during the summer. Complaint about bamboo growth on the Waveland School grounds will be considered at that time.
